

Acer Active Stylus ASA510

One Pen to Rule It All

Support AES 2.0/ USI 2.0 / MPP 2.5 protocols automatically, and can be backward compatible too by pressing the buttons!

Seamless Compatibility, No Setup

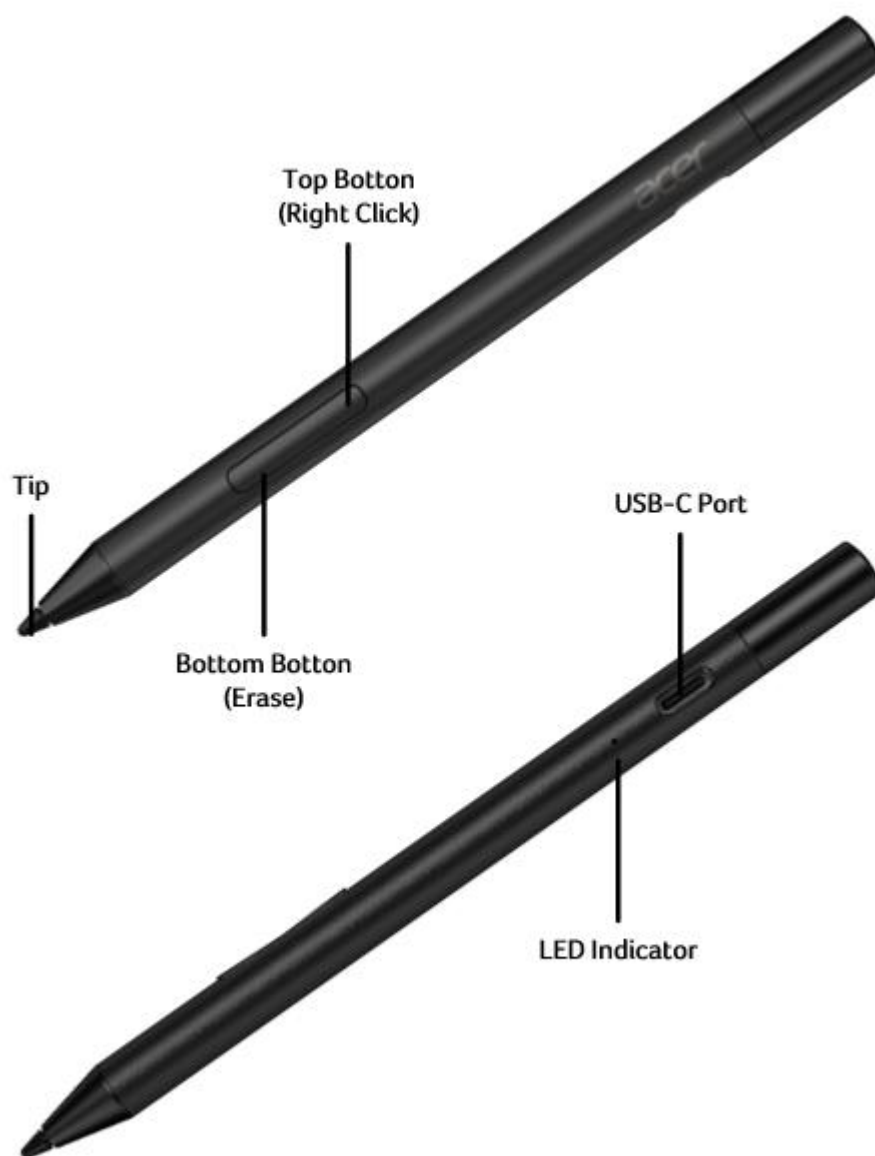

Just pick it up and start writing without any connection setup procedure.

Precision Writing, Natural Feel

With 4,096 pressure levels, tilt support, and a responsive 10g-450g tip force, enjoy smooth, accurate strokes for a true pen-like writing and drawing experience.

Featherlight Design, Long Battery Life

Built for effortless use, the ultra-lightweight design reduces hand fatigue. Powered by a Li battery, it delivers up to 60 hours of operating time for uninterrupted creativity.

Specifications

Model name	ASA510	Battery Type	90 hrs AES 1.0 /2.0 60 hrs USI 1.0 /2.0
Part Number	GP.STY11.00V	Usage Time	60 hours
Protocols	AES 2.0/ USI 2.0 / MPP 2.5 (backward compatible)	Pen Tip	POM (Polyoxymethylene)
Pressure Level	4096 levels	Tip Force	10g-450g
Product Dimension	144.37mm±1.0mm Ø9mm	Tilt Support	Yes
Weight	12.7 g	Tilt angle	0~60 degrees
Material	Plastic	Package Contents	Active stylus pen x1 / QSG x1
Tip Abrasion Durability			
Load	2.45N(0.25kgf)	Drawing Distance	1885 m (60mm circle * π*10000
Cycle Speed	62.8 mm/sec.	Number of times	10,000
Test Criteria	Wear (Abrasion) under 0.1 mm & shall be replaceable.	Test Environment	Std. Glass
