

Predator Cestus 333

Cestus 333 Gaming Mouse

Achieve unmatched precision, custom RGB lighting, and full control with a mouse designed for intense gaming sessions.

UNMATCHED PRECISION

Featuring the PixArt 3389 sensor with up to 16,000 DPI across five adjustable levels, this mouse delivers pinpoint accuracy for every gaming scenario. Built to last with a 20 million click lifecycle, it ensures reliable performance during intense sessions.

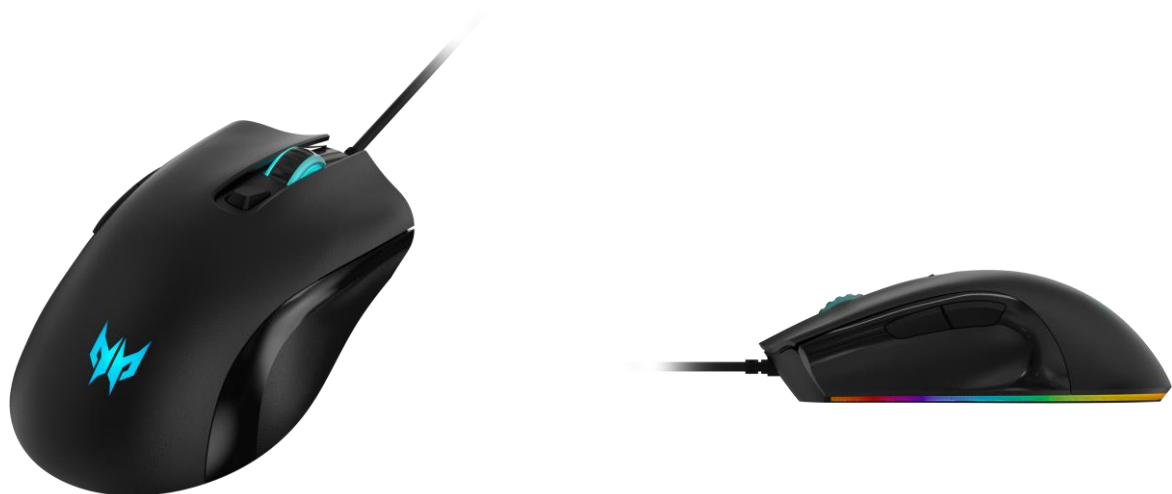

ILLUMINATE YOUR GAME

Using the QuarterMaster app, you can fully customize your lighting effects with 16.8 million color combinations, giving your setup a personal touch. Additionally, it supports Windows Dynamic Lighting for seamless RGB integration across your entire system.

PERSONALIZED CONTROL

The six programmable buttons let you tailor your setup to match your gaming style, ensuring maximum control in every match.
