

Introduction

CANNON PRO 2000W is a upgrade series to provide you safer and modern design with an IEC62368 safety certification.

CANNON PRO 2000W features 18 sets of PCI-E 6+2 Pin slots for satisfying the power-hungry device, and a 135mm FDB fan with unique layout design for optimal cooling performance and keep the components in longer lifespan.

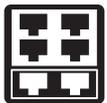

CANNON PRO 2000W is your best choice for your monster PC build.

Features

DC – DC Module Design

Provide supreme efficiency and voltage stability

Full Modular

Easy Installation, neat build

Ribbon Cable

Easy Installation, neat build

Japanese E-Cap.

Reliable power and prolonged life span

- Complies with ATX12 v2.4 & EPS12 v2.92
- Efficiency $\geq 92\%$ @ typical Load
- Active PFC ≥ 0.9
- Hold up time > 17ms @ full load
- Full modular design with all black round cable
- Supports dual sets of CPU slots
- Provides 18pcs PCI-e for high-load system
- +12V single-rail design
- 5V & 3.3V rail with DC to DC Design
- Intelligent fan control with 135mm fan
- Standby wattage < 0.5W
- Complete protections: OVP, OCP, UVP, SCP, OPP, OTP

Product Overview

Quiet and Long-Lasting 135mm FDB Fan
FDB fan can give you a quiet PC. Intelligent fan control with 135mm fan.

Full modular design with ribbon cable
Neat build and easy installation, enhance cooling performance.

Support for 18pcs Sets of Slots

Support dual sets of CPU slots and 16 sets of PCI-E 6+2 PIN slots, able to support operation for a maximum of 18 graphics cards simultaneously.

DC – DC Module Design

Both of +3.3V and +5V DC – DC module combined +12V SR circuit offers supreme efficiency, voltage stability and high system compatibility especially in cross regulation(unbalance load) mode.

Japanese E-Cap.

Reliable power and prolonged life span.

Industrial Grade Design

Our insistence only for exceptional performance, 90Vac~264Vac wide AC input support for unstable voltage circumstance.

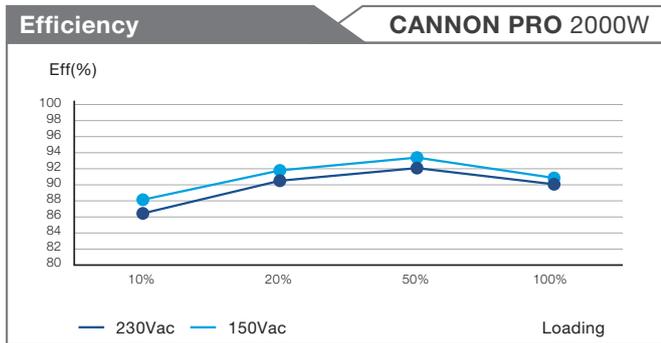

For Rigorous Computing Environments

The high-end computing equipment needs to operate 24 hours a day without Interruptions, the Cannon Pro provides stable power against rigorous computing environments.

Real Power

Under 230 volt input voltage, able to provide full 2000 watt power to ensure there is sufficient power provided for the computer equipment.

Package Information

Model	FSP2000-52AGPBI
EAN Code	471322452552 0
UPC Code	84568501265 4
Shipping Dimensions (L×W×H)	390 × 267 × 96 mm
Shipping Weights	5.3 kgs
Master Pack Dimension (L×W×H)	525 × 425 × 292 mm
Master Pack Quantity	
Master Pack Weight	26.46 kgs
Pallet Quantity	60 pcs
Country of Origin	China
Warranty
