BL641

mATX *chassis*

Features

● Excellent Thermal Solution

The innovative partition plate cooling technology (PPCT) maximizes performance while providing a quiet and cooling environment.

● High Compatibility

It is compatible with standard desktop components, which makes the installation easier and provides a great expandability when needed.

● Design Philosophy

A small 11.5L SFF chassis with optimal thermal and acoustic performance without additional system fan.

● Multi-Enjoyment

Designated Infrared Receiver position to support Media Center and optional Internal amplifier.

● Folded Edge

For safe assembly.

● Detachable Drive Cage

For easy installation.
