Logitech® Portable Lapdesk N315. Keep cool and comfortable wherever you use your notebook. Your lap is protected from notebook heat even after hours of notebook use. The retractable mouse pad means you can use your mouse without a table handy. It's thin and lightweight, so you can slide it into your laptop bag or sleeve (15.6" or larger) and carry it wherever you're headed. The anti-slip top helps keep your notebook (15.6" or smaller) firmly in place. Plus, the washable surface is easy to clean. Go ahead and sit anywhere you like – the base makes it comfortable no matter how you sit.
