

# SP-HF500A

## 14 watt Two-Way Hi-Fi Wood Speakers

### Enjoy music in classic style!!

For more entertainment in smaller speakers; Genius brings you new two-way Hi-Fi wood speakers in a total of 14 watts, SP-HF500A. With a tweeter inlaid, SP-HF500A delivers crystal clear treble in a small space. The system combines 3" speaker driver with improved sound structure design to deliver great bass. Additional features include an extra line-in jack for connecting to an iPod, MP3 player, or CD player without disconnecting the speakers from your PC and a headphone jack for private listening.

SP-HF500A is classic beauty with burnished black panel. No matter if you're listening to music, playing games or seeing movies via your PC or notebook, you get a double benefit from hearing and vision at the same time. For more detailed information, contact your local sales representative.

**Date available: July 20, 2009**
