

NetScroll G500 Laser Gaming grade laser mouse

Are you a heavy gamer looking for one high performance and unique gaming mouse? Designed for all-level gamers, the leading mouse brand — Genius — has introduced the *NetScroll G500 Laser*—a new powerful and innovative laser gaming mouse with precision control.

NetScroll G500 Laser features an enhanced gaming laser engine, and you can set the resolution from 2000/1600 and 800 dpi to maintain perfect speed movement within any shooting, fighting, strategic or racing game. Also with the Full Speed USB solution, it grants the gamer an instant movement response without any hesitation. In addition, *NetScroll G500 Laser* uses an enhanced long-lasting button for a lifecycle of eight million clicks, durable and solid. Plus, you can use the weight adjustment feature and insert coins to increase the mouse weight to your liking. It makes shooting or strategic gaming movement more solid and stable to keep you with winning gaming achievement.

Therefore, for a true performing game mouse which is accurate in tracking, quick in response, comfortable to grip, the *NetScroll G500 Laser* is the ideal choice you can get. Contact your sales representatives for more information.
