

DELL 24 CURVED GAMING MONITOR | S2422HG

23.6" Full HD curved gaming monitor featuring a rapid 165Hz refresh rate and 1 ms (MPRT) / 4 ms GtG response time for smooth, immersive gameplay.

Rapid response: An impressive 165Hz refresh rate and rapid 1ms MPRT (Moving Picture Response Time) / 4 ms GtG (Gray to Gray) eliminates motion blur.

Stunning colour accuracy: View rich, consistent colours (99% sRGB colour gamut) on the VA (vertical alignment) panel that offers a high contrast and deeper blacks.

Immersive action: Enter new worlds on a 23.6" FHD display with remarkably sharp visuals that draw you deeper into the game. The 1500R curved screen creates a more realistic field of vision for a more immersive viewing experience

Undistorted gameplay: AMD FreeSync™ Premium Technology adds another layer of seamless gameplay by eliminating screen tearing and stuttering.

Bold new look: The distinct and gaming-centric design offers both functional and aesthetic benefits for gamers, such as a 3-sided ultrathin bezel that creates expansive views, and uniquely-designed vents located in the back keeping everything cool while working hard.

More room for battle: The newly designed tapered stand is sturdy and sleek, with a small footprint that brings you closer to the action.

Customize every advantage: The new joystick and shortcut buttons on the back of the monitor allow you to easily navigate and manage the OSD menus while three user-defined profiles give even more personalisation options. The Timer, FPS (frames per second) Counter, and Dark Stabilizer let you manage everything from frame rates to brightness to shadow control.

Game comfortably: The height and tilt adjustability allow you game in comfort for extended periods.

Maximum reliability: Dell Premium Panel Exchange allows a free panel replacement during the Limited Hardware Warranty³ period even if only one bright pixel is found.

A brand you can rely on

As the No.1 monitor company worldwide* we take pride in our unyielding commitment to quality and the utmost satisfaction of our customers.

Minimise downtime with Dell's Advanced Exchange Service.²
