DELL ULTRASHARP 38 CURVED USB-C HUB MONITOR | U3821DW

Bring everything together

STAY AHEAD OF THE CURVE

Boost productivity and experience outstanding color and clarity on this expansive 37.5" WQHD+ curved hub monitor with 95% DCI-P3 color.

MULTITASK EFFICIENTLY

Connect two PCs to the monitor, switch between or work on both sources. Features include KVM (with Auto KVM), PIP, PBP and Easy Arrange help boost productivity.

PRODUCTIVITY HUB

Connect to your Ethernet while charging your laptop and peripherals with RJ45, USB-C® and a host of other ports, including super speed USB 5Gbps.

TRUSTED RELIABILITY

World's number 1 monitor company.* Backed by renowned Dell reliability.

Bring everything together

STAY AHEAD OF THE CURVE

More screen to do more: See all of your work and multitask efficiently with more onscreen space on this 37.5" ultrawide WQHD+ (3840 X 1600) curved screen. With a vertical height of 1600 pixels, you can see more with less scrolling.

All-encompassing experience: The 2300R screen curvature creates a wider field of view, minimizes reflection and offers near uniform visual focus for a more comfortable view. Integrated dual 9W speakers deliver great sound for an immersive visual and auditory experience.

Unparalleled focus: Get incredible depth, breadth and a wrap-around view that helps you focus on your work. With In-Plane Switching (IPS) technology, you can expect consistent color and picture quality across a wide viewing angle.

ACCURATE COLOR

Consistent vibrant colors: See true-to-life color with a color depth of 1.07 billion colors and wide color coverage including 100% sRGB, 100% Rec 709 and 95% DCI-P3. With 95% coverage of the DCI-P3 color space (which offers nearly 25% more coverage than sRGB), you will see your charts, graphs, images and video content in an even wider range of colors.

Accurate color, out of the box: Each monitor is factory calibrated for accurate colors right from the start.

PRODUCTIVITY HUB

Connect to productivity: With connectivity options like RJ45 and USB-C, your monitor serves as a productivity hub that delivers stable Ethernet[1] and up to 90W of power to your laptop — all in a clutter-free setup.

Easy to manage: MAC Address pass-through[2], PXE Boot, and Wake-on-LAN are conveniently built in.

Multitask efficiently: Connect two PCs sources to the monitor. Our intelligent Auto KVM feature detects the latest connected PC and seamlessly switches controls over. View content from both PC sources with PBP (Picture-by-Picture) and PIP (Picture-in-Picture), and use the KVM (Keyboard, Video and Mouse) feature to control both PCs with a single keyboard and mouse.

Extensive connectivity: Easily connect to a variety of devices with comprehensive connectivity including DP1.4, HDMI 2.0, USB-C and super speed USB 5Gbps.[3] Quick access front ports allow convenient connection to peripherals and charging of mobile phones (up to 15W via USB-C).

STYLISH AND FUNCTIONAL

Designed with purpose: Crafted with a premium platinum silver finish, this monitor features a 3-sided narrow bezel, and an elegant cable management system that hides cords within the monitor riser. Navigate the menu and adjust screen settings with the easy-to-use joystick control.

Adjust to your comfort: Tilt, swivel, and adjust the height of your monitor for a comfortable setup all day long.

Easy on the eyes: Optimize eye comfort with a flicker-free screen and ComfortView, a feature that reduces harmful blue light emissions. TÜV Rheinland certified – ID 1111231316.[4]

DELL DISPLAY MANAGER

Productive at every level: Dell Display Manager's (DDM)[5] Easy Arrange feature lets you quickly tile and view your applications side by side across one or more connected screens for multitasking efficiency.

More ways to manage: Asset management reports allow IT managers to quickly capture and track monitor information as well as configure multiple monitors at once through a single setup.

THANK YOU FOR MAKING DELL MONITORS #1 WORLDWIDE*

Peace of mind: Dell Premium Panel Exchange allows a free monitor replacement during the Limited Hardware Warranty[6] period even if only one bright pixel is found.

Minimize downtime: Your monitor comes with a 3-year Advanced Exchange Service[7] so that if a replacement becomes necessary, it will be shipped to you the next business day during your 3-year Limited Hardware Warranty.

Get a higher level of support: Upgrade to 24 X 7, in-region technical phone support from qualified engineers with Dell ProSupport option.[8]
