

HyperX Clutch Gladiate - Wired Gaming RGB Controller - Xbox (7D6H2AA)

Overview

Precision, Immersion, Customization.

The HyperX Clutch Gladiate RGB Gaming Controller is built for Xbox players that want a precision controller with customizable controls. This officially licensed wired Xbox[1] controller features dual trigger locks and remappable rear buttons so you can take control your way. Powerful dual rumble motors and impulse triggers take immersion and force feedback to the next level. Showcase your style with 3 different effects and 7 different colors of lighting customization. It also features a 3.5mm stereo jack to connect your favorite wired headset.

Officially Licensed by Xbox[1]

The HyperX Clutch Gladiate RGB is fully compatible with Xbox One and Xbox Series X|S consoles, as well as PC.

Powerful dual rumble motors

Feel every shot, explosion, and rev of your engine more intensely with the Clutch Gladiate RGB's dual rumble motors.

Light the way to victory.

Put your game in the lights! Tune the RGB lighting with controls right on the controller, no additional software is needed. Choose from 3 different lighting patterns and 7 different colors.

Impulse triggers to ramp up the immersion.

Impulse triggers deliver variable force feedback so that every shot, every hit, every rev of the engine will feel unlike previous generations of force feedback.
